The data presented is based on information collected in a number of different ways; i) directly reported to the IPAF accident reporting website [www.ipaf.org/accident](http://www.ipaf.org/accident), ii) information obtained by IPAF staff worldwide and iii) through information collated from press releases and news reports.

The true accuracy of the data cannot be guaranteed but where appropriate, action is taken to verify the facts. The data is amended and updated, should relevant information become available.

It is not a definitive report of all fatal accidents in the world within the specified time period. The accuracy of this report relies upon those using mobile elevating work platforms and other interested parties to report any known fatal incidents to the IPAF accident reporting website [www.ipaf.org/accident](http://www.ipaf.org/accident) or to a member of the IPAF staff.
