THE RENTAL STANDARD YOU CAN TRUST FOR MEWP HIRE

IPAF Rental+ provides assurance to customers at every stage of the MEWP hire/rental process.

Benefits of choosing an IPAF Rental+ hire/rental company

- ➔ Assurance that the hire/rental company complies with required aspects of PAS91:2013 & ISO9001:2015 standards
- ➔ Certificated proof that employees are trained to the required level and that quality equipment will be supplied;
- ➔ Ease of locating and verifying accredited companies – contact details listed on IPAF’s website;
- ➔ Knowledge that the company satisfies most UK tender pre-qualification requirements (SSIP certification);
- ➔ Confidence that the IPAF Rental+ company has access to relevant technical guidance, industry standards, best practice & governance within the industry;
- ➔ Economy of scale in terms of time & money; IPAF members reduce the need to provide a Pre-qualification Questionnaire (PQQ) to multiple suppliers when obtaining construction contracts in the UK.

What are the benefits of choosing an IPAF Rental+ accredited company?

Why Choose IPAF Rental+?

IPAF Rental+ customers gain peace-of-mind knowing they’re choosing the highest standards and best practice in the powered access industry.

What is IPAF Rental+?

- It’s a quality standard mark.
- It’s the powered access industry’s guarantee of a quality hire/ rental company.
- It’s proof a hire/rental company has been independently audited and meets rigorous standards of training, equipment inventory and customer satisfaction.

“When looking at suppliers that we can work with, we align ourselves with companies that have the most stringent standards of training, advice, equipment and customer satisfaction, with LTC holding the IPAF Rental+ Gold standard this ensures these are met. It’s great to see that LTC Powered Access continue to set high levels within the industry and strive to be the best at what they do!”

*Kevin Hendy, Classic Builders Ltd
(customer of LTC Powered Access)*

THE HIGHEST STANDARD IN POWERED ACCESS EQUIPMENT HIRE

IPAF Rental+ has brought a lot of structure to the way we work, setting a high minimum standard in health and safety. It's paramount our staff work within the health and safety standards to ensure the highest standard of machinery is provided to our customers at all times.
